You may see this kind of error if you have already left a comment.

Search Farmers

Search page required either **City** and **State**, or **Zip Code** to pinpoint a location as the search center. Distance is always required and should larger or equal to 0.

Search Farmers

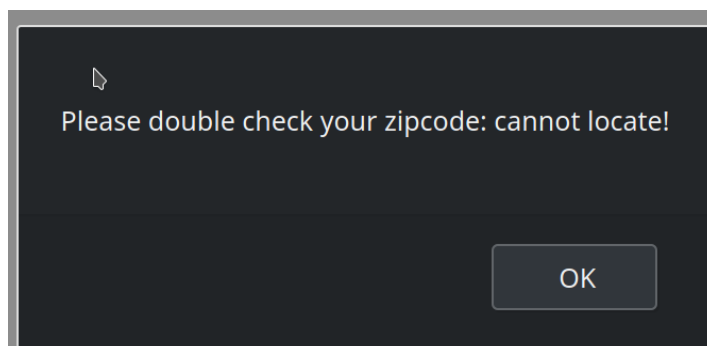

Note: If you have zipcode entered, city and state will be ignored.

City (Full Name): State (e.g. NY): Zip Code (e.g. 12180): Distance (in miles):

Result:

Market Name	City	State	Zipcode	Website
-------------	------	-------	---------	---------

However, if a **Zip Code** is provided, it will always be used instead of **City** and **State**. If an invalid zip code provided, the following error message will be shown:

Here is an example result page with Troy, NY and distance 30

Search Farmers ▾

Note: If you have zipcode entered, city and state will be ignored.

City (Full Name): State (e.g. NY): Zip Code (e.g. 12180): Distance (in miles):

Result:

Market Name	City	State	Zipcode	Website
Voorheesville Farmers Market	Voorheesville	New York	12186	No Website
Philmont Farmers' Market	Village of Philmont	New York	12565	Visit Website
Poestenkill Farmers Market	Poestenkill	New York	12140	Visit Website
City of North Adams Farmers' Market	North Adams	Massachusetts	01247	Visit Website
Clifton Park Farmers' Market	Clifton Park	New York	12065	Visit Website
East Greenbush Library & YMCA Farmers Market	East Greenbush	New York	12061	Visit Website
Delmar Farmers Market	Delmar	New York	12054	Visit Website
Farm to Preschool Market: Mercy Cares for Kids	Albany	New York	12206	Visit Website
Troy Waterfront Farmers Market	Troy	New York	12180	Visit Website

Please note that the result using zip code will be sorted from nearest to farthest. However, **City**, **State** search won't. This is because there may be multiple center points (County) within range of **City**.

Tips
